Earth's Disastrous Vibrations – Turkey's Earthquake 2023

“O MANKIND! HAVE TAQWA OF YOUR LORD! VERILY, THE EARTHQUAKE OF THE HOUR IS A TERRIBLE THING.” (Quran – 22:1)

Earthquakes are one of the most devastating natural disasters. Millions of dollars' worth of property is damaged and a hundred die every time an earthquake of big magnitude strikes. An earthquake (also known as a quake, tremor or temblor) is the shaking of the surface of the Earth, resulting from a sudden release of energy in the Earth's lithosphere that creates seismic waves. Stress energy within the crust is suddenly released, creating a shock wave that radiates outward from the source of the earthquake. When the stress in the crust exceeds the strength of the rock, it fractures along lines

weakness either on existing fault planes or on new fault planes. The point where an earthquake begins, called the epicenter, an epicenter can be several kilometers deep into the earth. Earthquakes and seismic activity which are caused by shifts in Tectonic plates at fault lines have many effects and impacts not only including those on humans, but also biological, and geographical repercussions. Let's take some recap of the recent earthquake that occurred in Turkey and its nearby countries. A series of devastating earthquake and aftershocks hit southern Turkey (now Türkiye), and Northwestern Syria on 6th February 2023, killing more than 35,000 people. The casualties were uncountable, leaving thousands of homeless people wailing for their loved ones and calling for help. At 4:17 am (Turkey time) an earthquake of 7.8 magnitudes hit Turkey and its nearby countries severely. The first deadly earthquake struck while people were inside their homes, some people were asleep on their beds, some were doing Ibadan, some were indulged in sins or

doing injustice or many more with no warning signs. Noticing the popularity of the claims, the U.S. Geological Survey said no scientist had "ever predicted a major earthquake". If we look from an Islamic point of view, it explicates that Allah is the All- Wise, All-Knowing in all that He wills and decrees, and He is the All Wise, All-Knowing in all that He legislates and commands. He creates and decrees whatever signs He wills, to frighten His slaves and remind them of their obligations and duties towards Him, and to warn them against associating anything in worship with Him, going against His commands and doing that which He has forbidden. The Earthquake which terribly demolished almost all areas of the country was the result or a sign that Allah is displeased due to the sins like adultery, distraction from the right path, losing the difference between haram and halal, interchanging of genders and celebrating the evil events and many more. Undoubtedly the earthquakes that are happening these days are among the signs which Allah

Allah uses to frighten His slaves. All the earthquakes and other things which happen and cause harm and injury to people are because of shirk and sins. As of 18th February report, at least 5,700 aftershocks have occurred according to Turkey's Disaster and Emergency Management Authority. Again, another part of Turkey was affected by the second earthquake of 6.4 magnitudes that followed on February, 20th. However, the first one was the deadliest one in more than 20 years and was as strong as one in 1939, the most powerful one recorded there. People had been left without shelters in freezing winter conditions and desperately needed blankets, emergency shelters, food and clean water. People were at risk of catching waterborne diseases because the dams which collapsed due to the Earthquake shocks and could not be repaired immediately which also created an alarming situation all over the country. "There is a lot that happens around the world we cannot control. We cannot stop earthquakes, we cannot prevent droughts, and we cannot

cannot prevent all conflict, but when we know where the hungry, the homeless and the sick exist, then we can help." (Jan Schakowsky). The record of earthquakes proves the sudden, non-linear nature of these disasters that took the lives of millions of individuals throughout history, injured several other millions, made billions of people homeless and caused material losses of endless values. These tragedies cannot be the work of the mechanical processes of the earth, but need a designer, and the designer is the Creator Himself. And they must have a purpose, and the purpose is punishment for the transgressors and the aggressors, trial for the pious and honest ones that are caught in the middle and a reminder for the survivors. Unless taken with this regard, humanity will never learn.

بحیثیت طالبہ، رمضان میں میرے معمولات

اللہ رب العزت کے ہم سب پر بہت سے احسانات ہیں۔ اس نے ہم پر بہت ہی رحمتیں نازل کی ہیں، جس میں سے ایک بہت بڑی رحمت ماہِ رمضان ہے۔ رمضان المبارک کے بابرکت ماہ میں اللہ رب العزت ہم انسانوں کو یہ موقع دیتے ہیں کہ ہم اپنے گناہوں کی معافی مانگ سکیں۔

نبی ﷺ کا ارشاد مبارک ہے کہ

جس شخص نے رمضان کے روزے ایمان اور احتساب کے اتھر رکھے، اس کے وہ سب گناہ معاف کر دیئے جائیں گے جو اس سے پہلے سرزد ہوئے ہوں گے

(صحیح بخاری) ☆ ☆ ☆ ☆ ☆ ☆ ☆

رمضان المبارک میں ہر نیکی کا اجر دوگنا ہو جاتا ہے۔ لہذا ایک مسلمان ہونے کے ساتھ ساتھ بحیثیت طالبہ بھی اس ماہِ سعید سے مکمل استفادہ حاصل کرنا چاہیے۔ اسکول کے کاموں کو سستی و کاہلی سے کرنے کے بجائے وقت پر سرانجام دیں تاکہ نماز، قرآن کی تلاوت اور دیگر اذکار بھی کر سکیں اور اس ماہ کی رحمتوں سے مستفید ہو سکیں۔ رمضان المبارک کی بابرکت ساعتوں اور ماہِ سعید کی رحمتوں کو سمیٹنے کے لئے میں رمضان میں اسکول جانے سے پہلے قرآن پاک کی تلاوت کرتی ہوں، اور اسکول میں بھی ہم جماعتیوں کے ساتھ رہتے ہوئے کوشش کرتی ہوں کہ غلط الفاظ اور برے کاموں سے بچ سکوں، جیسے غیبت، لڑائی جھگڑا، تکبر اور دوسروں کی مدد نہ کرنا۔ بلکہ میں اپنی سہیلیوں کی مدد بھی کرتی ہوں اور خیال رکھتی ہوں کہ میری ذات سے کسی کو کوئی نقصان نہ پہنچ سکے۔ اسکول میں ہمارے لئے ویسے تو تربیہ سیشن ہوتا ہی ہے لیکن رمضان المبارک کی مناسبت سے خصوصی طور پر اہتمام کے ساتھ ہوتا ہے جو ہمارے ایمان میں تازگی و زیادتی کا سبب بنتا ہے۔ اسکول سے آنے کے بعد میں نماز و قرآن پڑھتی ہوں، قبیلہ کرنے کے بعد افطاری کے لئے اپنی امی کا ہاتھ بٹاتی ہوں

افطاری کے وقت گھروالوں کے ساتھ مل کر دعا کرتی ہوں اور اللہ رب العزت،
کی تمام نعمتوں کا دلی شکر ادا کرتی ہوں کہ اللہ نے مجھے بے شمار نعمتوں سے
نوازا ہے اس کے بعد مغرب کی نماز پڑھتی ہوں پھر اسکول کا کام کرنے بیٹھ
جاتی ہوں۔۔۔ عشاء کی نماز کے اتھ تراویح پڑھتی ہوں اور پھر سو جاتی ہوں۔
سحری میں پہلے اٹھ کر تہجد، نوافل اور سحری کا کام بھی اسی کے ساتھ کرتی ہوں۔
رمضان، رحمت و مغفرت اور آغ سے نجات پانے کا مہینہ ہے اس میں ہم
سب کو اپنے دنیاوی کاموں کو کم سے کم کر کے آخرت کی تیاری کرنی چاہیے۔
اور نیکیوں میں بھرتی لے جانے والا بننا چاہیے۔

A PEACEFUL MORNING

In the far deep blue sky,
The sun rises from its territory,
Wiping out the darkness in sweep,
Lighting up the horizon in deep.
As the morning breeze comes
along,
The crashing waves are waking
up,
The people from their sleepy daze,
Get up and give breaking dawn a
gaze.
The birds start singing a song,
Trees dancing in rhythm and glee,
There's a calm outside and with in,
The river singing music of peace.
The blooming flowers on the lush
grass,

Waving their heads as they please,
Oh! Have you ever wondered?
Who is the lord of all these.....?

THE DAY WE BID
'ADIEU' – FAREWELL
2023

Assalam-o-alaikum. Every student who begins school life must end it one day. And this year is our last year in Usman Public School, Campus 14. 25th February, 2023 was an unforgettable and remarkable day for us, as it was our Farewell. As per the tradition, this function was organized by the staff of our school and the students of Class IX. Before the farewell Class IX also gave us the invitation cards and displayed heartwarming farewell messages and poem in the campus. The venue of farewell was a banquet. We all reached by 9:00 am. As I entered the hall my eyes fell off; the stage was looking amazing and all other decoration and flowers gave it a fishing look. Few minutes later when all students arrived at the venue, all students of Class X wore glasses and did a ramp walk. Class IX welcomed us with flowers and candies. A side table was also set up beautifully with the starters.

(Popcorns, marshmallows & chips)
The function started with Tilawat e Quran by Areesha Tayyab of Class IX, followed by a hadith and a naat. Next was an outclass drama, performed by class IX girls on a social issue. They did marvelous acting. Adeena of Class X gave an intriguing speech. She expressed her emotions and burst out in tears at the end that really made me emotional even though it was the start of the event. Summyya Furqan of Class X presented a lovely nazam. First half of the event function ended with the title distribution. Class IX presented the titles to us along with a handmade frame, which was definitely representing their hard work. At the start of second half an over whelming poem for friends and teachers was presented by Maryam farooq of Class X. Everything was going perfect and then the most awaited part of the farewell came, A Question and Answer session which was conducted by Humna Majid and Maheen khan of Class X, no doubt this was my favorite part. Then again the remaining students of class X were given the titles

followed by the speech from Amna Farooqui of Class X. After that a drama (Loose Talk) was played by Class X girls, I was a part of it along with Manahil Hameed. At the end of second half a fascinating game was played by everyone, students of Class IX came on stage and called the audience, to take a chit (having name of class X girls) and do mimicry of that specific person. Finally the third and the last half of the function begun with an Urdu poem, for friends and teachers, presented by Fabiha Mehfooz of Class X. The last ten students of Class X were given their titles at last; they were really getting impatient for their titles. An unforgettable and amazing Qawali was presented by class IX girls and at the end a mind blowing rap style cover was sung by Manahil khan of Class IX. We all burst into laughter during the Qawali. Time was flying that day; we also presented the titles to our beloved teachers.

Next, Hameedah of class IX presented a beautiful tarana and then a Mashup was sung by Class X girls on friendship. Last but not the least a Thank you speech was given by the head girl Humna Majid in which she shared her school life experience. Then our Principal also gave the speech and some advice for future and Miss Zohra ended up with beautiful dua. We also had an honorary guest 'Ms. Amna Kamran' - associated with the mentoring and counseling department at Usman Public as a deputy manager. She also shared some wise words and prayed for our future too. And at last it was lunch time. The menu included Chandan kabab, paratha along with kachori and gulaab jamun. It was indeed mouthwatering. We parted after taking the blessings of our teachers and the good wishes of our friends. While leaving, we felt sad, as the reality of leaving school forever wasn't easy to digest. All those emotional speeches and poem had melted my heart. School life is really the best thing anyone could experience. We shall always be grateful to our institution where we

spent the most formative period of our lives. I am going to miss my school badly.

بیٹھک اسول، ایک یادگار علمی سفر

کچھ ہفتوں پہلے ہماری اسلامیات کی معلم نے ہماری درسی کتاب گلے سبق "مفتوح العباد" کے بارے میں بات کرتے ہوئے بیٹھک اسکول کے بارے میں بتایا، جس سے ہمیں وہاں جانے کی خواہش پیدا ہوئی اور ہم نے ایک درخواست تیار کی کہ ہمیں لے چلیں۔۔ اور ساتھ اللہ سے دعائیں کرتی رہی کہ ہمیں لے جائیں۔ اگلے دن معلمہ جماعت میں آئیں اور ہمیں یہ خوشخبری سنائی کہ کچھ دنوں میں ہم وہاں جائیں گے۔ یہ بات سنتے ہی ہم خوشی سے جھوم اٹھی، کیوں کہ میری ہمیشہ سے یہ خواہش رہی ہے کہ کسی اسکول کے دورے پر جاؤں۔ گھر آکر میں نے اپنی امی جان سے اس بارے میں بتایا کہ میں جانا ہے تو اس سلسلے میں امی نے مجھے رہنمائی دی کہ ان کے لئے کچھ لے جاؤ۔۔ بس!! میں نے وہاں کے بچوں کے لئے چیزیں جمع کرنا شروع کر دیں۔ اور دیکھتے ہی دیکھتے ایک ہفتے میں بہت سی چیزیں جمع ہو گئیں۔ جن میں ان کی ضرورت کے لحاظ سے بہت سی چیزیں تھیں۔ امی نے اس کام میں میری بھرپور مدد کی اور ان کے لئے کتابیں، قلم، پوسٹرز، چاکلیٹس وغیرہ بھی رکھیں۔ صبح جب میں اسکول پہنچی تو جماعت ہشتم کی تمام طالبات بوجوش نظر آ رہی تھیں، کوئی ان کے لئے جمع کی گئی کتابوں پر نام لکھو اور ہاتھ، کوئی تحائف کو لٹائے میں ڈال رہا تھا۔

کوئی خوش گیہوں میں مصروف تھا۔ لہذا ہم اسکول سے نکلے اور "بیٹھک اسکول" پہنچ گئے۔ وہاں کے اساتذہ اور طالبات نے بے ہمیں تہہ دل سے خوش آمدید کہا۔ ہم نے تمام طالبات میں تحائف تقسیم کئے، ہر جماعت کا باری باری دورہ کیا، ان سے بات کی، وہ ہم سے مل کر بہت حقوش تھے اور ہماری تو خوشی دیدنی تھی۔ ان بچوں نے ہمارے لئے کارڈز بنائے اور ہمیں غلو ص دل سے پیش کئے۔ وہاں مجھے سب سے زیادہ جس چیز نے متاثر کیا وہ ان کی "تخلیقی صلاحیت" تھی۔ ان سے بات کر کے ہمیں بہت مزہ آیا، اپنائیت کا احساس ہوا۔ اب جانے کا وقت آچکا تھا، ان سے ملنے کے بعد ہم واپس اپنے اسکول کی طرف نکل گئے۔ یہ دن میری زندگی کا یادگار دن تھا۔۔۔ سفر میں بھی ہم ان کتے متعلق ہی باتیں کرتے رہے اور اسکول جا کر دیگر طالبات اور اساتذہ کو ان کے متعلق بتایا۔ اس دن کو میں کبھی نہیں بھلا سکتی۔ اللہ تعالیٰ ان تمام بچوں کو دنیما آخرت کی کامیابی دکھائے اور ان کو ترقی یافتہ بنائے اور ہمارے دلوں میں خدمتِ خلق کا جذبہ اس طرح پروان چڑھاتا رہے۔۔۔ آمین

READING FAIR

On Monday 20th February in our school we visited a Reading Fair. It was an interesting and fascinating fair. All the students of Grade VIII participated in it. You must be thinking what reading fair is? Well, in the reading fair students present various stories from their favorite novels or books from which they are inspired with. For example: One group was giving presentation

presentation about a novel "Reclaim Your Heart". They made a poster about that novel. One girl of that group was giving a short and smooth explanation about the topic. Our teachers were guiding the other students to have a look at everyone's presentations. On 24th February, Madam announced the result of this amusing fair arranged by Grade VIII. All groups got certificates because they all did very well. We all enjoyed a lot. I think that reading fair has many benefits for instance it gives many ideas to the students about how to present anything in an interesting manner. It will boost up their confidence and presentation skills in future. Students will develop the habit of reading and will learn many new things along with having fun. We hope that in future similar kind of fairs will be arranged in the school where different campuses of UPSS will participate.

ترکیہ زلزلہ

ترکیہ:

ترکی، ایران کے بعد اس وقت عالم اسلام کا ایک اہم ملک ہے جو کہ ایشیاء اور یورپ کے درمیان واقع ہے۔ ترکیہ خوبصورت اور حسین ہونے کے ساتھ ساتھ اسلامی شعائر رکھتا ہے۔ اور یہ سب سے پہلے آباد ہونے والے خطوں میں سے ایک اہم خطہ ہے۔ ترکیہ سب سے زیادہ فعال زلزلہ زدہ علاقوں میں سے ایک ہے، کیونکہ یہ اناطولیائی پلیٹ فارم پر واقع ہے، چونکہ ترکیہ زلزلے کی بڑی فالٹ لائنوں میں سے سب سے اوپر ہے۔ اس لئے ملک میں زلزلے کی کوئی معمولی بات نہیں، یہاں بعض اوقات شدید نوعیت کے زلزلے بھی آتے ہیں۔ جیسے 1991ء میں 7-6 شدت کا زلزلہ آیا تھا۔ اور اس میں سترہ ہزار افراد جاں بحق ہوئے تھے۔ پچھلی صدی میں بھی ملک کو ہزاروں طاقتور زلزلے اور جھٹکے آتے رہے ہیں، جن میں سے 15 کی شدت 15 عشریہ سے زائد تھی۔ اس سال بھی ترکی میں 2 زلزلے آئے ہیں جس میں سے پہلے کی شدت 7-8 ریکارڈ کی گئی اور دوسرے کی 6-3۔۔۔ جس نے پورے ترکی کو ہلا کر رکھ دیا۔ ترکیہ کا زلزلہ صبح چار بجے، پیر کے دن 6 فروری کو آیا، جس نے ترکیہ اور عرشام دونوں ممالک کو تباہ کر کے رکھ دیا۔ یہ بہت بڑا زلزلہ تھا۔ پچھلے تمام گزرے ہوئے برسوں کو دیکھا جائے تو گزشتہ دس برس میں ایسے صرف دو زلزلے آئے ہیں یہ زلزلہ ایسے وقت میں آیا کہ جب سب لوگ نیند کی وادیوں میں تھے۔

زلزلے کا سبب

ہماری زمین کی بیرونی سطح یا پرت مختلف سطحوں کے ملاپ سے بنتی ہے جنہیں پلیٹیں یا تھالیوں کہا جاتا ہے۔ یہ پلیٹیں آپس میں جڑی ہوئی ہوتی ہیں، اکثر یہ پلیٹیں حرکت کرنے کی کوشش کرتی ہیں لیکن مختلف پلیٹس کے درمیان رگڑ کی وجہ سے ان میں حرکت نہیں ہو پاتی لیکن کبھی کبھار تھالیوں کے درمیان دباؤ اتنا زیادہ ہو جاتا ہے کہ ایک تھالی اچانک اپنی جگہ سے کھسک جاتی ہے جس سے زمین کی سطح ہل جاتی ہے۔ پیر کو آنے والے زلزلے میں شمال کی جانب حرکت کرتے ہوئے "عریٹین پلیٹ" اور "اناطولین پلیٹ" میں رگڑ پیدا ہو گئی تھی۔ اس زلزلے کی وجہ سے جار، آرمینیا، رومانیہ، لبنان، اردن، یونان، فلسطین، عراق اور مصر میں بھی جھٹکے محسوس کیئے گئے۔ اور شام کے بہت سے علاقوں میں بڑے پیمانے پر تباہی ہوئی۔ اس سے سڑکوں پر بہت گہری دراڑیں پڑ گئیں 1200 عمارتیں منہدم ہو گئیں اور 12 یا 14 عمارتیں گریں جس کے باعث ہزاروں افراد بے تلے دب گئے۔ 44,200 سے زائد اموات ہوئیں ایک لاکھ سے زائد افراد زخمی ہوئے۔ ترکیہ، پاکستان کے ہر بڑے وقت میں ساتھ دیتا ہے تو پاکستان کا بھی یہی روایت رہی، رلیکیو ٹیمیں بھیجی گئیں اور امدادی کارکن بے تلے لوگوں کو نکالنے میں مصروف نظر آئے۔

HADITH-E-NABVI

The following hadith suggests that modesty is so important that the absence of it could lead a person to sinful behavior and disbelief: "The Prophet (peace be upon him) said: 'If you have no shame, do as you wish.'" (Al-Bukhari)

زمانہ

زمانہ

جو تھا نہیں ہے، جو ہے نہ ہوگا، یہی ہے اک حرف مہمانہ
 قریب تر ہے نمود جس کی، اسی کا مشاق ہے زمانہ
 مری صراحی سے قطرہ قطرہ نئے حوادث ٹپک رہے ہیں
 میں اپنی تسبیح روز و شب کا شمار کرتا ہوں دانہ دانہ
 ہر ایک سے آشنا ہوں، لیکن جدا جدا رسم و راہ میری
 کسی کار اکب، کسی کامرکب، کسی کو عبرت کا تازیانہ
 نہ تھا اگر تو شریک محفل، قصور میرا ہے یا کہ تیرا
 مرا طریقہ نہیں کہ رکھ لوں کسی کی خاطر مےء شبانہ
 مرے خم و پیچ کو نجومی کی آنکھ پہچانتی نہیں ہے
 ہدف سے بیگانہ تیرا اس کا، نظر نہیں جس کی عارفانہ
 ایشق نہیں مغربی افق پر یہ جوئے خوں ہے، یہ جوئے خوں ہے
 طلوع فردا کا منظر رہ کہ دوش و امروز ہے فسانہ
 وہ فکر گستاخ جس نے عریاں کیا ہے فطرت کی طاقتوں کو
 اس کی بیتاب بچیوں سے خطر میں ہے اس کا آشیانہ
 ہوائیں ان کی، فضا میں ان کی، سمندر ان کے، جہاز ان کے
 گرہ بھنور کی کھلے تو کیونکر، بھنور ہے تقدیر کا بہانہ
 جہان نو ہو رہا ہے پیدا، وہ عالم پیر مر رہا ہے
 جسے فرنگی مقامروں نے بنا دیا ہے قارخانہ
 ہوا ہے گو تند و تیز لیکن چراغ اپنا جلا رہا ہے
 وہ مرد درویش جس کو حق نے دیے ہیں انداز خسروانہ
